What's new at Lily School Paris?

This month our school participated in the No Finish Line solidarity race which took place in the park André Citroën. The race aimed to cover as many meters as possible, with the final goal of donating 1€ for each kilometer run. This year's NFL Paris run saw 4 600 participants and a total of 73 885 € donated to the partner associations: Médecins du Monde and the Samu Social de Paris.

A round of applause to our students and teachers who participated in this initiative and thank you to the Mairie de Paris I5 for its support!

Ideas for the weekend

Sunday 29th of June watch hundreds of kites fly in the skies of Butte d'Orgemont in Argenteuil! On the program: highly skilled demonstrations and synchronized choreographies, kite-making workshops and musical entertainment... all with an exceptional view of the capital!

Practical information:

- Location: Butte d'Orgemont (avenue de Stalingrad), 95100 Argenteuil
- June 29th 2025, from 10:00 to 19:00
- Free entry
- Free shuttles from the city center train station to the hill.

For more information: <https://www.argenteuil.fr/fr/agenda/airgenteuil-2025>

The town of Rambouillet organizes two days of entrainment in occasion of the "Les Pieds dans l'herbe" weekend. Enjoy a wide range of fun, creative, and relaxing activities: giant wooden games, creative workshops, sports activities, and giant bubbles!

Practical information:

- Location: Parc du center de loisirs du château d'eau, 78120 Rambouillet
- June 14th and 15th
- Free entry and free shuttle service

For more information: <https://rambouillet.fr/evenements/un-week-end-les-pieds-dans-lherbe/>

Sustainable Development

During our recent school visit to the Grande Galerie de l'Évolution the students had a chance to have a closer look at all of those animal which inhabit our surroundings... although not always easy to spot. Hedgehogs, foxes, rodents and birds are part of the 2149 animal species that compose the city's ecosystem. Seeing these beautiful animals up close offered us a great opportunity to reflect on wildlife biodiversity and on the importance of its preservation, which as always starts from small gestures: never leaving trash on the floor, not feeding wildlife, enjoying it from wildlife at a distance and always respecting the animal's space.

Intergenerational

Summer is just around the corner and it has already started to gift us the most delicious fruits of the year! This month we enjoyed the first summer fruits with elderly people of the residence "Procession-Quintinie", with an artistic twist! We used strawberries, blueberries, kiwis and more to create little animals we later ate all together!

Kid's Corner

With the celebration of mother's day and the incoming father's day, we dedicated some time to speak about our families and all the love we feel for them... we had a hard time quantifying it but in the end we found the answer in the children's books of Sam McBratney's: mums and dads of Lily School, "we love you right up to the moon - AND BACK!".

**Summer break Kid's Corner week:
FUN IN THE SUN!**

**July 7th - 11th
July 14th - 18th**

SUBSCRIPTIONS are OPEN!
